

IT PROJECT MANAGER

0.8 - 1.0 FTE

Open Doors is an international, interdenominational organization that supports Christians who are persecuted for their faith. Open Doors International supports the worldwide organization with services such as IT, DME Program Management, Finance, Advocacy, and HR by working in a service-oriented way with teams and colleagues in countries with an Open Doors Development or Field office.

Our global IT team of 25 are allocated around the world and support about 1,500 users worldwide. The Global IT team consists of:

- IT Service Team (service management)
- Value Delivery Team (to whom this position reports) responsible for the development of customer/partner-facing systems (BAs, application development, product management, scrum masters, etc.)
- Infrastructure
- IT Security
- Business and IT Architecture

Do you have skills in IT project management? We're seeking a highly talented Christian to contribute to our vision that IT is released and utilised in our ministry to its full potential. By having world-class IT systems and IT support, our charity and our people can achieve even more to support persecuted Christians. IT is one of our top priorities.

The IT Project Manager leads Ministry-facing and IT projects in close collaboration with internal stakeholders and IT specialists. This position reports directly to the Global IT Value Delivery Manager.

Your key responsibilities:

- developing and leading multiple projects simultaneously
- achieving project objectives, with a strong focus on delivering high quality results with strong interpersonal skills
- flagging issues, taking appropriate action, and updating stakeholders
- monitoring progress of different projects running simultaneously
- working closely with IT Business Analysts and IT Services Manager.

Your profile:

- a committed Christian with a passion for the Persecuted Church
- bachelor's degree or equivalent experience in a relevant area
- significant and extensive experience in a relevant position, including leading agile/scrum, supporting system development, leading process analysis and/or responsible for IT functional management
- knowledge of and experience with project methods like Agile/Scrum/Kanban
- proven ability in planning and organizing, advising, and leading stakeholders and project team members, in a continuously changing environment
- results-oriented, pro-active, culturally sensitive, and able to self-manage
- strong leadership, networking, and communication skills (in English).

Why work for ODI?

Working at Open Doors means that you are actively involved in serving the worldwide Persecuted Church. We offer you a versatile position in an international, dynamic environment, a professional team and the opportunity to grow professionally and personally. As a global organisation we are used to combining working from home and from the office and to have flexible working hours. Location preferably in the Netherlands (Harderwijk) or the UK (Witney), but various local and global locations will also be considered.

INTERESTED?

Please send us an email with your CV and cover letter to Open Doors International's HR department, Mr. Jos van Stiphout: vacancy@od.org. If you have questions about the position, please use this same email address. We will assess applications on a rolling basis through to 1 September and will close the process if we fill the position, so early applications are encouraged.
